# THE INDUSTRY STANDARD FOR ZERO-TURN MOWERS

BAD BOY  
2 YEAR / 200 HOUR  
WARRANTY

Bad Boy's ZT Elite zero-turn mower is famous for providing remarkable value when it comes to the performance and price of homeowner mowers. And we never stop making it better, stronger and more comfortable.

In the States, it has been Bad Boy's best selling model since the day it was introduced. Now, Aussies have the chance to get behind the wheel. The ZT Elite gives the residential homeowner a great ride - and even better value.

## MADE STRONG FOR THE DEMANDING HOMEOWNER

Built and priced to own the demanding residential landowner market, the ZT Elite features strong 50x50mm all steel rail frame for its backbone. 9.5mm steel front forks are a Bad Boy construction hallmark, as is the solid steel, all-welded deck.

Formed from tough 7-gauge/4.5mm steel with reinforced edges, the unique baffling system maximises airflow for greater grass lift and a cleaner cut. And it all rides on a lower centre of gravity for better traction.

## PRIORITISING YOUR COMFORT

A revolutionary new addition to the ZT Elite is the All-New Independent Front Suspension. This patented innovation helps the mower glide over any terrain, creating a smoother cut and a more comfortable ride. It's so smooth, we named it EZ-Ride®.

If the steering feels tighter and smoother, you can thank our steering dampening system. It delivers better steering response and maneuverability. Couple all that with the higher-backed adjustable seat equipped with padded armrests, and this is the smoothest, most comfortable ride you can get on a zero-turn mower in this class. We even threw in a cup holder.
