A "TOO MUCH FUN TO CALL IT WORK" RIDE

DOESN'T SKIMP ON COMFORT AND CONTROL.

The cushioned seat adjusts front to back and the steering is tighter and smoother with our steering dampening system for better response and maneuverability. The adjustable, left or right side deck lift pedal allows you to easily dial in a deck height for a perfect cut time and time again. The large capacity fuel tanks also allow for plenty of deep storage and a cup holder. There's easy access to all pulleys and drive belts with the flip-up floorboard — with rubber mat — being a first for its class.
